

## **RCN Older People's Forum vision**

The RCN forum supports the development of excellent nursing care for older people in all settings. within the wider community and acknowledge the satisfaction that the challenges of nursing older people with complex needs bring.

We cover a wide range of health issues which impact particularly on older people.

The RCN forum aims to support all nurses by providing expert advice and resources which enable them to deliver the best standard of care.

We endeavour to collaborate with other RCN forums and external organisations with an interest in
